CORE EXAM REVIEW COURSE (CERC)

VIRTUAL
APRIL 24-29

We have gathered distinguished faculty from a variety of academic institutions from the tri-state area to participate in a review course to help radiology residents prepare for the Radiology Core Exam. Each lecture will provide a high-yield, image-rich review of important and pertinent topics. The goal of this intensive review course is to allow residents to identify areas of weakness and reinforce areas of strength. The NYRS Core Exam Review is open to all radiology residents, fellows and practicing radiologists.
